LEROY A. GLINES,
Treasurer.

CANTERBURY SCHOOL DISTRICT.

REPORT OF THE BOARD OF EDUCATION.

It is due the district to be advised concerning the work of the school board the past year, as well as to know some of the needs of the future.

Three schools, outside of the Shakers and Kezer Seminary, have been maintained for 34 weeks.

Children of the Blanchard have been conveyed to Penacook and Carter; those from Intervale and Emery to Carter; those from the Borough to Center; those from Hackelborough to Kezer, making a large outlay for transportation, but to the advantage of the pupils, though to some hardship, especially in bad weather.

Seven hundred dollars will be required to be raised by special appropriation to maintain the 34 weeks, as that required by law is usually \$100 less than last year. It is to be hoped that the district will in the near future see its way clear to provide a suitable playground for the children, outside of the street.

The attendance has been above that of last year, but it is not what it should be. Any little excuse seems to be sufficient for some parents to keep their children from school, much to their loss as well as against the law. We are asking the parents to see that their children are in school every day possible.

New heating arrangements are much needed and should be installed before another winter.

Twenty-two pupils have been schooled at the Kezer Seminary. We believe that the school board should have some jurisdiction, or a fuller co-operation with the trustees, that more uniform results may be attained.

New spellers for all grades have been introduced, also

community civics and agriculture for beginners. It is hoped that the interest in agriculture will be increased and the children encouraged to do some demonstration work at their homes that they may learn the practical part as well as the scientific.

The school board have endeavored to maintain a high ideal in the efficiency of our schools, and they have seen in a large degree this attained by the work of an experienced corps of teachers, who have continued throughout the year, for which we are very grateful.

A great legacy has been committed to us in our children. It is up to us to do our best to develop the tender plants to grow upright in character, as well as in practical and mental efficiency for their life's work. It is due them as well as the future interest of the town and state. We bespeak a fuller co-operation from parents, school board and teachers that this may be attained in a larger degree.

Respectfully submitted,

GEO. E. WIGGIN,
Chairman of School Board.

ESTIMATE FOR FISCAL YEAR ENDING FEBRUARY 15, 1917.
